IL01	\$2.1 billion	4,000	IL01	2.48	0.00
IL12	\$193 million	190	IL17	2.23	0.06
IL07	\$146 million	90	IL02	2.05	0.01

\*\* Top districts as measured by announced manufacturing investment and operating clean power capacity

## American Energy Stories from Illinois

At approximately 300 megawatts, the complete Eldorado Solar project will generate enough electricity to power approximately 56,000 Illinois homes each year. During construction, this project produced over 500 full-time jobs. Over the lifetime of the project, Eldorado Solar will generate \$42 million in local tax revenue, including \$23 million for area schools.

Located at the site of a former Mitsubishi automotive plant, Rivian's factory employs over 7,400 workers, with plans to add over 550 more jobs by 2026. It is the 2nd largest employer in McLean County, behind only State Farm. Since starting operations in 2021, the plant has produced over 100,000 vehicles.
